French Quarter Festival**  
Thursday – Sunday, April 6-9, 2017  
*In New Orleans, Louisiana*

# Oral and Maxillofacial Surgery Pearls VI

The OMS Pearls VI Conference faculty features five outstanding educators and practitioners and 10 hours of CDE/CME credit over two days.

**OBJECTIVES:** **Office Anesthesia** - 1) Review and recognize commonly known safe methods of anesthesia for office surgical procedures and optimum patient outcome and 2) improve performance and outcome of safe anesthesia with new techniques and anesthetic agents based on safe proven results. **Dentoalveolar Surgery** - Analyze third molar removal with and without bone grafting, coronectomy procedures, impacted tooth removal at all sites, MRONJ cases, pediatric Dentoalveolar surgical cases, treatment of cysts, and other forms of dentoalveolar surgery. **Advances in Dental Implant Surgery** - 1) Understand the implementation, image acquisition, treatment plan, patient and instrument registration, and surgery using new optically guided surgical system that utilizes visual light optical tracking and 2) Follow the step by step procedure of digital impression techniques to broaden implant skills. **Non Surgical Cosmetic Procedures** - update the knowledge base since materials and techniques are constantly evolving and the OMS must compare the performance and patient outcome with old and new materials and techniques.

**PEARLS VI HIGHLIGHTS:** Five experienced practitioners, all outstanding in their fields, will present common and new techniques to improve patient care and outcomes in **Office Anesthesia**, **Dental Implant**, and **Non Surgical Cosmetic Treatment** over two days yielding 10 CE hours.

**INTENDED AUDIENCE:** This activity is specifically directed towards the Oral and Maxillofacial Surgeon and Restorative Dentist, but it is open to all other interested dentists, physicians, residents, medical and dental students, and allied health professionals.

All LSU OMS alumni and Pearls course attendees are invited to attend the JKOMFS Dinner and Roast honoring Dr. Jack Kent for a lifetime dedicated to OMS education and training. The dinner is exactly where the Pearls course is given - 41st floor of the Marriott Hotel, which gives a spectacular view overlooking the French Quarter and Mississippi River. Cocktails are 6:30 pm and dinner at 7:30 pm on April 7, 2017. Business attire please. Cost is \$125 per person.

## The Jack Kent Oral and Maxillofacial Surgery Foundation

**The Louisiana Society of Oral and Maxillofacial Surgeons and The LSU Oral and Maxillofacial Surgery Alumni Associations** from the programs in New Orleans and Shreveport are proud to join the **Jack Kent Oral and Maxillofacial Surgery Foundation (JKOMSF)** in sponsoring OMS Pearls. The **American Association of Oral and Maxillofacial Surgeons (AAOMS)** is also jointly providing this activity with the **LSOMS and LSU OMS** to provide CDE/CME credit.

The LSU OMS Alumni Association, through the efforts of a core group of concerned alumni, formed the Jack Kent Oral and Maxillofacial Surgery Foundation (JKOMSF Foundation) in 2010 for the purpose of supporting the teaching, research, and service goals of the LSU OMS department in New Orleans. The foundation is a 501(c)(3) organization, and all donations are tax-deductible.

Stuart Lieblich, DMD

James Swift, DDS

The department of LSU OMS wishes to recognize and thank these 2 outstanding clinicians and leaders for their contributions to our programs.

# French Quarter Festival

## Largest Free Festival in the South

After each day of continuing OMS education, you will want to head to the French Quarter and soak up one of our city's best kept secrets: the French Quarter Festival. April 6 marks the beginning of the 34th annual event, which ends after dark on Sunday, April 9. Presented by **Chevron**, the festival offers local music, food, crafts, and special events, all presented in a one-of-a-kind neighborhood – the historic French Quarter.

With 20 music stages, festival-goers can walk from block to block hearing every genre of music – from traditional and contemporary jazz to R&B and New Orleans funk, brass bands, folk, gospel, classical, opera, Cajun Zydeco, Latin, and international. There's even a musical stage for children. You'll also have a chance to sample from over 90 food and beverage booths featuring authentic local cuisine from renowned area restaurants and shop for local crafts and art.

Visit [www.fqfi.org](http://www.fqfi.org) to sign up for the festival's mailing list and receive updates when the music schedule is announced.

## Go Online to Book Your Hotel

The New Orleans Marriott is the host hotel for OMS Pearls.

Because of our special rate, Standard Room \$279, the hotel's location, and the fact that all conference sessions will be held at the New Orleans Marriott, why would you want to stay anywhere else? The New Orleans Marriott is located at 555 Canal Street, in the French Quarter, steps away from the excitement and fun of the French Quarter Festival. In addition, the hotel is conveniently located near world-famous restaurants, popular night spots, and the Mississippi River. For additional information or to register go online to [resweb.passkey.com/go/OMSPearlsVI](http://resweb.passkey.com/go/OMSPearlsVI) or call **1.800.771.9067** and ask for the Oral and Maxillofacial Surgery Pearls VI block through March 17, 2017. Wireless internet service is available in public areas of the hotel. Rooms are wired with high-speed internet available for a daily fee.

Please make your travel and hotel reservations as early as possible—**ROOMS ARE LIMITED AT THE SPECIAL \$279 RATE**. To find out more about what will be going on in New Orleans while you are in town, log onto [www.visitneworleans.info](http://www.visitneworleans.info) or call **1.800.672.6124**, Monday – Friday, 8:30 AM - 5:00 PM Central Time.

# Oral and Maxillofacial Surgery Pearls VI

## Academic Course Schedule, Topics, and Faculty

All conference sessions at the New Orleans Marriott on Canal Street,  
in the French Quarter

Friday, April 7 – Saturday, April 8, 2017

### FRIDAY, APRIL 7

7:00 AM - 7:50 AM **REGISTRATION - CONTINENTAL BREAKFAST PROVIDED**

7:50 AM - 8:00 AM **Opening Remarks** *John P. Neary, DDS, MD, FACS*

8:00 AM - 9:00 AM **Choosing Wisely: Third Molar Removal** *James Swift, DDS*

This talk will review the radiographic signs associated with an increased risk of nerve injuries associated with third molar extractions. Also the appropriate use of cone beam CT imaging will be discussed.

9:00 AM -10:00 AM **Coronectomy of Teeth: Options and Complications** *Stuart Lieblich, DMD*

The clinical procedure for coronectomy procedures will be presented along with associated complications.

10:00 AM -10:30 AM **BREAK**

10:30 AM - NOON **Dynamic Image Navigation for Dental Implants — A Team Approach for Implementation**  
*Robert W. Emery III, DDS*

Contemporary implant surgery includes the need to use some form of computer assisted surgery. Every Oral and Maxillofacial Surgeon and their team need to understand how the various forms of image guided surgery are implemented. A new “Optically Guided Surgical System” that utilizes visible light optical tracking will be presented in a concise and information packed format. Implementation of this new system will be reviewed: Image acquisition, Treatment planning, Patient and instrument registration and Surgery.

NOON - 1:00 PM **LUNCH PROVIDED**

1:00 PM-2:00 PM **Surgical Management of Impacted Teeth Other Than Third Molars** *Stuart Lieblich, DMD*

The oral and maxillofacial surgeon is often called on to coordinate the management of impacted canines and second molars. This section will present clinical techniques for dealing with these impactions.

2:00 PM -3:00 PM **Update on MRONJ** *James Swift, DDS*

Dealing with patients on the various anti-resorptive medications has become an important part of the oral surgery practice.

# Pearls for Improving Outcomes: Office Anesthesia and Surgery

SATURDAY, APRIL 8

7:00 AM - 8:00 AM **CONTINENTAL BREAKFAST PROVIDED**

8:00 AM - 8:30 AM **Digital Impressions? Pearls for the OMS Practice** *Christopher J. Haggarty, DDS, MD, FACS*

Recent technological advancements in digital impressions allow for mainstream OMS usage. Digital impressions allow for improved implant placement accuracy, fabrication of custom temporary and permanent restorations and provides a powerful marketing tool to your patients and referrals.

8:30 AM - 9:15 AM **Non Surgical Cosmetic Pearls to Augment Your Scope of Practice** *John P. Neary, DDS, MD, FACS*

This lecture will provide a comprehensive review of the latest injectable fillers and their uses with additional discussion on the use of neurotoxins, lasers for resurfacing, and scar revision. The topics will be presented in a manner that will encourage practitioners to incorporate these procedures into their practice.

9:15 AM - 10:00 AM **Anesthesia Mishaps in the Oral Surgery Office** *James Swift, DDS*

The provision of ambulatory anesthesia is associated with known risks and complications. This talk will review the current state of the risks of anesthesia in the oral surgeons office.

10:00 AM - 11:00 AM **Something Old, Something New: Geriatric and Pediatric Anesthesia Considerations.**  
*Stuart Lieblich, DMD*

The challenge of providing an office anesthetic is different when dealing with the extremes of age. This section will discuss the significant differences in pharmacokinetics and physiologic issues in these populations.

11:00 AM - 11:40 AM **BREAK**

11:40 AM - 1:00 PM **Anesthesia M&M** *James Swift, DDS and Stuart Lieblich, DMD*

Actual office anesthetic cases that occurred in the oral surgery office will be presented to illustrate the mistakes that were made and what warning signs and interventions might have caused a better outcome.

# OMS PEARLS FACULTY

## SPEAKERS

**Stuart Leiblich, DMD**

Clinical Professor  
Oral and Maxillofacial Surgery  
University of Connecticut  
Visiting Assistant Professor, Tufts University  
Avon Oral and Maxillofacial Surgery  
Avon, Connecticut

Dr. Leiblich is a graduate of Rutgers University and the University of Pennsylvania School of Dental Medicine. He completed his residency in Oral and Maxillofacial Surgery at Kings County/Downstate Medical Center in New York and was an Assistant Professor 1984-88 of the University of Connecticut. Currently, he is in private practice in Avon, CT and maintains a part-time teaching appointment at the U. Connecticut as Clinical Professor. Dr. Leiblich has been a contributor to 20 textbooks and has published 45 papers and abstracts. He lectures widely on ambulatory anesthesia, dental implants, and dentoalveolar surgery. Stu has served as President of the American Dental Society of Anesthesiology and the American Board of Oral and Maxillofacial Surgery. He is on the editorial boards of Anesthesia Progress; Oral Surgery, Oral Medicine Oral Pathology and the Journal of Oral and Maxillofacial Surgery. He serves on many local, state and national committees and is a member of the ADA's Commission on Accreditation and the AAOMS Parameters of Care Committee.

**James Swift, DDS**

Professor of Oral and Maxillofacial Surgery  
University of Minnesota School of Dentistry  
Private Practice at University of Minnesota  
Medical Center

Dr. Swift is a cum laude graduate of Cornell College in Iowa, received his DDS at the University of Iowa, and completed his OMS training in 1985 at the University of Oklahoma, where he held a faculty position before joining the faculty at Minnesota. Dr. Swift has served as the President of the American Board of Oral and Maxillofacial Surgery and American Dental Education Association (ADEA), and has served on the Board of Directors of the Oral and Maxillofacial Surgery Foundation (OMSF). He is currently Chair of the Board of the Oral and Maxillofacial Surgery National Insurance Company (OMSNIC). Jim has received the Distinguished Service Award from the ADEA, the RV Walker Distinguished Service Award and Research Recognition Award from AAOMS, and the Century Club Professor of the Year Award from the University of Minnesota School of Dentistry.

**Christopher J. Haggerty, DDS, MD, FACS**

Private Practice, Lees Summit, Missouri  
Clinical Assistant Professor  
Department of Oral and Maxillofacial Surgery  
University of Missouri School of Dentistry

Dr. Haggerty obtained his DDS from the University of Missouri-Kansas City (UMKC) and completed his OMS-MD residency training at Louisiana State University in New Orleans in 2008. Dr. Haggerty divides his time between private practice and serving as a clinical assistant professor within the Department of Oral and Maxillofacial Surgery at the University of Missouri-Kansas City. He is the co-editor of the "Atlas of Operative Oral and Maxillofacial Surgery", the president of the Greater Kansas City Oral and Maxillofacial Surgery Society and serves as a reviewer for the Journal of Oral and Maxillofacial Surgery. Dr. Haggerty has numerous publications in the fields of dental implants, alveolar ridge augmentation, maxillofacial trauma and reconstruction.

**John P. Neary, DDS, MD, FACS**

Assistant Professor and Chair  
Department of Oral and Maxillofacial Surgery  
LSU School of Dentistry and Health Sciences Center

Dr. Neary received a Bachelor's of Science degree in environmental science and engineering in 1982 from Purdue University and earned a doctorate in dental surgery cum laude in 1986 from Ohio State University. He completed his OMS residency at Charity Hospital in 1990 and graduated from Louisiana State University School of Medicine in 1992. He then completed his General Surgery internship and a Fellowship in Facial Cosmetic Surgery with Dr. Michael Kinnebrew at The Facial Surgery Center of the Gulf South. Dr. Neary is a diplomate of the American Board of Oral and Maxillofacial Surgery and serves on the board of Purdue University.

**Robert Emery, DDS**

Private Practice in Washington DC  
Director of Capital Center Oral and  
Maxillofacial Surgery  
Senior Attending Surgeon of Washington  
Hospital Center

Dr. Emery received his DDS from U. of Illinois, completed a general practice residency at Long Island Jewish Hospital in New York, and then completed his Oral and Maxillofacial Surgery residency at U. of Maryland and Shock Trauma Unit. He is ABOMS certified and has pioneered technology in image guided surgery for implant dentistry and OMS. Bob received the Nobelpharma OMS Research Award and Grant from the OMS Research Foundation. He is a founding partner and Chief Medical Officer of X-Nav Technologies.

## PEARLS VI COURSE DIRECTOR

**John N. Kent, DDS, FACD, FICD**

Boyd Professor and Head, 1973-2008  
Professor Emeritus  
Department of Oral and Maxillofacial Surgery  
LSU School of Dentistry and Health Sciences Center

This conference is presented by the Jack Kent Oral and Maxillofacial Surgery Foundation

**CANCELLATION AND REFUND POLICY:** Jack Kent Oral and Maxillofacial Surgery Foundation reserves the right to cancel this conference should circumstances warrant such action, and your tuition will be refunded. If you must cancel your registration for this conference, the Foundation will refund your tuition (minus an administrative fee) if written notification of your withdrawal is received by the Foundation 15 working days prior to the start of the conference. Notification of withdrawal received after the conference begins will result in forfeiture of your entire tuition. The Jack Kent Oral and Maxillofacial Surgery Foundation Conference cannot be held responsible for the cost of a nonrefundable airline ticket, flight charge, or hotel reservation in the event this conference is cancelled or rescheduled. **EQUALITY OF EDUCATIONAL OPPORTUNITY:** The Jack Kent Oral and Maxillofacial Surgery Foundation is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, sex, age, or disability.

**NO RECORDING DEVICES WILL BE ALLOWED IN THE LECTURE ROOM.**

### **Continuing Education Credits**

This continuing education activity has been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP) through joint efforts between the American Association of Oral and Maxillofacial Surgeons (AAOMS), the Louisiana Society of Oral and Maxillofacial Surgeons (LSOMS) and Louisiana State University School of Dentistry Department of Oral and Maxillofacial Surgery (LSU OMS).

The American Association of Oral and Maxillofacial Surgeons is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. The American Association of Oral and Maxillofacial Surgeons designates this activity for 10 continuing education credits.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of the American Association of Oral and Maxillofacial Surgeons (AAOMS), the Louisiana Society of Oral and Maxillofacial Surgeons (LSOMS) and Louisiana State University School of Dentistry Department of Oral and Maxillofacial Surgery (LSU OMS). The AAOMS is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American Association of Oral and Maxillofacial Surgeons designates this live activity for a maximum of 10 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is presented for educational purposes only. Participants are expected to use their own expertise and judgment while engaged in the practice of oral and maxillofacial surgery. Attendees should check specific details such as drug doses, contraindications, etc., in standard sources prior to clinical application. The content of presentations is provided solely by presenters who have been selected because of their recognized expertise.

The OMS Pearls Conference is presented and managed by the Jack Kent Oral and Maxillofacial Surgery Foundation. The express purpose of this conference is to provide continuing education in the field of oral and maxillofacial surgery for those in attendance. The statements, ideas, and opinions expressed in this conference are those of the individual participants and in no way should reflect the statements, ideas, and opinions of any specialty certifying organization; any OMS professional or alumni organization; LSU Health New Orleans School of Dentistry; LSU Health Sciences Center in New Orleans and Shreveport; the LSU Department of Oral and Maxillofacial Surgery; or others involved in this activity.
